[The Origin of Species by Charles Darwin - Goodreads](#)

Second, this supposed conversion was never mentioned in any of Darwin's correspondence. Given that Darwin wrote extensively (totaling over 14,000 notes and letters), it is curious to suggest that if he did have a genuine conversion experience, it was not mentioned at all in any of his writings.

[Understanding Evolution | Boundless Biology](#)

Social change refers to the transformation of culture, behavior, social institutions, and social structure over time. We are familiar from Chapter 5 "Social Structure and Social Interaction" with the basic types of society: hunting-and-gathering, horticultural and pastoral, agricultural, industrial, and postindustrial. In looking at all of these societies, we have seen how they differ in ...
